Campus Compact offers the online [Student Engagement Survey](#), a statewide tool to help gather data about student volunteerism, service learning, and other community engagement activities. Please send the link to individual students, student groups, faculty who teach service learning courses, community partners who work with student volunteers and anyone else who may have information about student engagement activities from fall semester 2017 or spring semester 2018. Please encourage people to fill out the brief survey.

In its inaugural year last year, the survey collected valuable information about this important work across the state. When people fill out and submit the online survey, the information goes to the Montana Campus Compact network office where responses will be analyzed and individual campus reports created. For questions or more information please contact vernon@mtcompact.org
