The Community Engagement Professional Credentialing Program, developed and supported by leaders in the field, will provide civic and community engagement professionals opportunities to gain recognition for knowledge and skills they develop throughout their careers. It will also provide opportunities to engage in ongoing professional development activities that foster reflective, inclusive, and equity-focused partnerships and commitments.

Professionals will be able to earn a variety of micro-credentials by submitting evidence that they have achieved competency in that area. Ultimately, the Community Engagement Certification will be made up of 14 micro-credentials.

## 2019 National Service Recognition Day Proclamations

National Service Recognition Day is a nationwide event taken place during the first week of April. This event honors AmeriCorps members and Senior Corps volunteers for the service they do in their communities. Anaconda, Butte, and Missoula participated in this event by having county mayors read and sign proclamations recognizing service members in their areas. We are very thankful for everyone that serves for Montana Campus Compact!
